NOTE. In order to assist bidders, Mr. Elder will be glad to advise them in regard to the value of any lot in this sale,

A VERY IMPORTANT SALE OF RARE COINS AND MEDALS.

The present sale, to be held on April 30th and May first, next, may be considered as fine a one as we have held in years. Not since the Miller Sale have we offered such a large number of rarities in Gold, Silver and Brouze Coins. In gold alone we have listed about 300 numbers. Among these may be found multiple ducat coins of Transylvania, Austria, Germany, and extra sized pieces of Egypt, Venice, Persia, Japan, Italy, early England, Scotland, Switzerland, Monte Carlo, Spain, as well as smaller gold coins of the early Mohammedan dynasties, Delhi, British East India, Ancient Greece, Rome and Europe in general. Coming down to more modern times we have some exceedingly rare English Pattern Guineas, Sovereigns, Half Guineas and Half Sovereigns dating from Charles II to Victoria. The number of interesting foreign silver crowns and thalers numbers some 400 or 500, not to mention hundreds of smaller issues in silver French Patterns, Etc. In ancient silver and bronze we have quite a variety of Greece and Rome, the early silver coins of Greece being a positive feature of this sale. A very nice line of Byzantine gold covers a period of nearly 1,000 years. The representation of the curious coins and medals of Japan and China is large and dates from the earliest times. In American gold we have early eagles and half eagles, including half eagles dated 1820, 1821, 1823 and 1833, all choice examples, $4 gold and rare quarter eagles dated 1806 (over '5) and 1808, both fine examples and seldom met with. Then there is a complete proof set of 1873 with every coin from the $20 piece to the cent, with the noted $3.00 gold piece. In United States Cents we have several gems including uncirculated pieces of **1793**, with one partly red; 1794, four varieties; uncirculated, **1795**, 2 varieties, both with traces of original redness, **1803** stemless wreath, and other later dates in like state. In United States silver we have dollars of **1836 1847, 1849, 1853** and **1858**, all proofs. In half dollars an extremely fine **1794**, and **1838** with liberty seated and a flying eagle on the reverse; 1842, 1843, **1848** and **1849**, all proofs, and some early proof dimes; also bright uncirculated U. S. dimes of **1796** and **1798** over **1797**; rare Colonial and Continental coins; a group of Rare Jackson Tokens with Low No's. 1, 5, 7, 61 and others. Space will not permit a further description of this most unusual sale.

We have prepared a splendid plate catalogue of extra size with fourteen magnificent plates of some of the choice pieces. These we are selling for $4.00, which does not cover their cost. The plates are actual photographic negatives. A priced catalogue of the Sale for $2.50.

Kindly read sale terms before bidding as all sales are held subject to the terms specified.

Send in your bids early to avoid a rush at the last moment.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

The last record was around $260.00, and in view of modern coin prices this is far too low a record. Gold coins, and this includes all denominations from the old eagles down to the dollar gold pieces. **Plate.**
